

Garmin Watch Loan Agreement

Athletes on the track team will benefit from the use of GPS watches during the season. Unfortunately, the price of a GPS watch is prohibitive for many athletes, so the Cross Country Team is entering into a loan agreement with interested families.

The student named below has borrowed a Garmin GPS watch from the cross country team at Morton High School. In doing so, they have accepted responsibility for the watch and have agreed to return the watch no later than their last day of school. Failure to return the watch will result in a replacement cost for a comparable model watch.
